## ABOUT THE COMPANY

With presence across the length and breadth of the country, and a footprint of over 30 years in the industry, Vectus Industries Limited is one of the leading Polymer Based Water Storage Solution companies in India; primarily in the business of manufacturing water storage tanks and piping systems.

The Company has always believed in constant innovation to keep up with the changing society and its lifestyle. New-age thinking and modern approach has helped the Company to come up with many firsts!

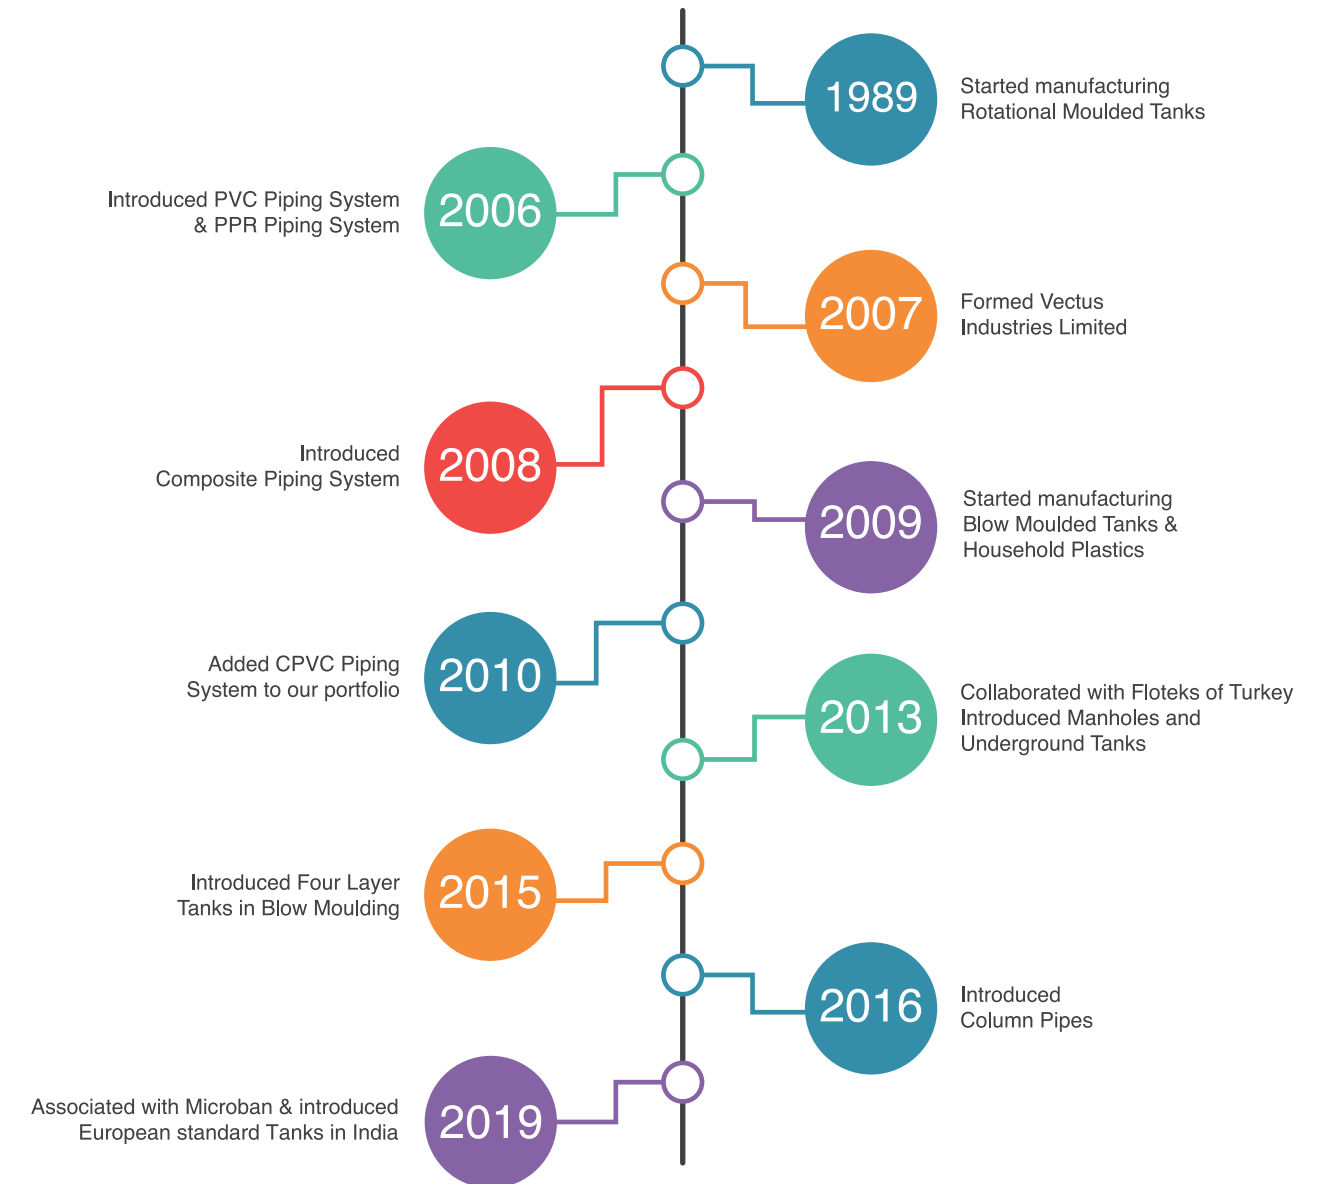

Vectus laid its foundation with the manufacturing of Rotational Moulded water storage tanks. And Gradually, it entered into the piping systems category as well, with PPR and a variety of PVC piping systems. In its quest for technological innovations, in the year 2009, it was the first to introduce to the country - Blow Moulded water storage tanks, which are highly durable and cost effective. Today, Vectus is one of the leading manufacturers of Blow Moulded water storage tanks in the world.

With more than 4300 dealers and distributors, 13 manufacturing plants and 5 depots across the country, Vectus has become India's one of the leading and fastest growing Water Storage and Piping System Company.

Keeping abreast with the national and international standards of quality, Vectus Industries Limited is an ISO 9001:2015 Certified Company and has a collaboration with Floteks, Turkey for manufacturing of PE Manholes in India. These manholes are made as per EN 13598 – 2 standards and are widely used for infrastructural requirements around the globe.

Adding to its many firsts, it was also the first in the category to launch a one-stop mobile application for all needs of the market.
