"One piece of log creates a small fire, adequate to warm you up, add just a few more pieces to blast an immense bonfire, large enough to warm up your entire circle of friends; needless to say that individuality counts but teamwork dynamites."

Humans are social creatures, and teamwork is vital for every phase of life. Teamwork is a privilege, and it's rare to get an opportunity to work with others. Great things arise when young minds think alike and start cooperating. It's the energy and passion when working as a team that gives life to the best creations.

Objective: Keeping the importance of teamwork in an individual's life, Grade IV-B is organizing a special assembly to exhibit how teamwork plays a key role for the success of everyone on **May 11, 2023**.
