

GRADE 'X' ASSEMBLY

“Progress is impossible without change, and those who cannot change their minds cannot change anything.”

In today's rapidly evolving world, the ability to innovate and adapt to change has become more crucial than ever. “Innovative Minds: Embracing Modernization” celebrates the spirit of creativity, forward-thinking, and progress in the face of technological advancements and societal transformation.

At the heart of innovation lies the human capacity to envision a better future and take bold steps to bring those visions to life. It's about challenging the status quo, pushing boundaries, and embracing new ideas and technologies to drive positive change in our communities and beyond.

Innovation is not just about inventing groundbreaking technologies or creating revolutionary products. It's also about finding innovative solutions to pressing challenges, whether they're social, environmental, or economic. It's about harnessing the power of creativity and collaboration to tackle complex problems and improve people's lives.

Objective: *Keeping the importance of media in our life into consideration, Grade X is organizing a special assembly on **May 09, 2024 (Thursday)** to offer an opportunity to instill and reinforce positive values, such as respect, responsibility, and integrity, through inspirational talks or reflections.*
