

# BIRLA PUBLIC SCHOOL GANGANAGAR

(A UNIT OF BIRLA EDUCATION TRUST PILANI)

(A step ahead.....)

CBSE AFFILIATION NO. 1730974

***“We have not inherited this earth from our forefathers; we have borrowed it from our children”***

**Dear Parents  
Greetings!**

Earth day is celebrated to support environmental movements and awareness about the need to save our planet. Building awareness about change and its impact on the planet can help us to create a greener tomorrow.

In order to make BPSGians understand the importance of preserving the resources and to sensitize the students to become the crusaders for environmental conservation, below mentioned activities have been planned on April 19, 2023.

**Virtual Tour**- To help students understand the biodiversity that exists on this earth and to teach them the importance of every species on this earth.

**Bottle Planting**- To reduce and reuse waste as well as to decorate garden. Instead of throwing the waste plastic bottle, the students are suggested to use them for planting.

**Make a compost**- To keep your biodegradable waste away from going into the landfills, the students are suggested to put all the organic waste of house into a compost and can use in their garden.

**Hunt the nature**- The students of kindergarten will be taken to the school garden to make them familiar with various objects of the nature.

**Declamation**- The students will be provided topics related to nature in prior so that they may prepare a speech.

**Art Activity**- The students are suggested to make poster and write slogan on ‘My Vision on my Planet Earth’.

**General guidelines:**

- The students will bring a plant grown in a bottle from their home.
- The students will bring a sample of the compost prepared by them.
- The students will present their speech in their classes first and the best one will be taken on the stage.
- The students will bring the required art activity material from their home.

**Your cooperation is highly solicited.**

**Regards  
BPSG**
