Workshop – Problem Solving – “Think outside the box to solve the problems”

Class – X

Dear Parents/Students
Greetings!

Problem solving is the act of defining a problem; determining the cause of the problem; identifying, prioritizing, and selecting alternatives for a solution; and implementing a solution. BPSG focuses on teaching how students can be more confident in solving problems efficiently and effectively.

Objectives of the workshop

- Learning how to identify, analyze, and develop solutions for a specific problem or set of problems.
- Foster creative thinking, encourage teamwork, and facilitate learning by sharing ideas, experiences, and perspectives.

NOTE- The workshop will be conducted in the regular counselling periods.

Regards
BPSG
