GRADE 'X' ASSEMBLY

"Patience is not simply the ability to wait, it's how we behave while waiting"

Patience is an important life skill. Quite often, people wrongly assume that wealth or high physical strength are the only measures of a successful life. However, more than one's physical skills or material wealth, it is patience that guides people towards greatness in their respective fields. We can enjoy the life-changing benefits by learning how to become patient. Long-term vision, mental & physical well-being, ability to make sustained efforts, peace & popularity are the few virtues that one can achieve being patient.

Objective: Keeping the importance of patience in an individual's life, Grade X is organizing a special assembly to exhibit how patience plays a vital role to help the person achieve his/her goals on April 20, 2023.
