Session: 2023-24

Date: December 16, 2023

**Dear Parents and Guardians,
Greetings!**

We would like to bring to your attention an important matter regarding the school bags of our young learners.

Observations reveal that some students are carrying more books and notebooks than necessary, which may lead to unnecessary weight and potential discomfort. To ensure a more organized and manageable school routine, we request your cooperation in streamlining the contents of your child's school bag.

Guidelines:

- Refer to the Timetable
 - Avoid Unnecessary Items
 - Maintain an Optimal Weight
- Bring your bag according to the Time Table

Your support in implementing these guidelines will contribute to a more comfortable and efficient learning for your child. We believe that a well-organized bag will not only ease the physical burden but also foster a focused and conducive atmosphere for effective learning.

**Best regards
BPSG**
