Session 2023-24

Raksha Bandhan

Theme: "Protection of Mother Earth"

Let's tie the knot of love, not just between siblings, but also with our beloved Earth!

Date: 28Aug, 2023

Subject: Celebration of Raksha Bandhan with the Theme "Protection of Mother Earth"

Dear Students,

Warm greetings!

We are delighted to announce an extraordinary celebration of Raksha Bandhan at BPSG, focusing on the theme of "Protection of Mother Earth." As we celebrate the bond of love between siblings, we also recognize our responsibility to protect and preserve our precious planet.

Date: 29/08/2023

Time: 8:15a.m. – 9:30 a.m.

Venue: Class Room

Activities and Highlights:

1. **Rakhi Making Activity:** A creative session where students will have the opportunity to make their own rakhis with various materials. This is a chance to showcase their artistic skills and create something special for their siblings.
2. **Cultural Insights:** We will have a short presentation or talk about the cultural importance of Raksha Bandhan, highlighting its traditions and the values it promotes.
3. **Rakhi Exchange:** Students are encouraged to bring rakhis to exchange with their siblings during the event. This symbolic gesture represents the promise of protection and love.

Students are requested to share one picture and video for the theme how they are protecting their mother earth.

This celebration provides a unique opportunity to blend the traditional significance of Raksha Bandhan with a meaningful message of environmental consciousness. Through this event, we aim to instill a sense of responsibility towards our planet in every student.

We encourage all students to participate wholeheartedly, understanding that each small step towards preserving nature counts. Let's celebrate Raksha Bandhan while nurturing our bond with both our siblings and Mother Earth.

Warm regards,

BPSG
