

Session 2025-26

Event Report

Graphics & Design Club Event:

Design Fusion Fiesta

Day & Date: 20/08/2025 (Wednesday)

Total Students Participated in Event: 27

Event Name: Design Fusion Fiesta

Venue: Computer Lab 1 (Club Period)

The Objective of the Activity:

- To encourage creativity and innovation in digital designing.
- To enhance students' skills in using various graphic design software.
- To promote visual storytelling and impactful communication.
- To foster confidence in presenting original creative work.

A brief note about the Activity:

- The activity was conducted in the BPSG Computer Lab.
- The *Design Fusion Fiesta* was organized under the Graphics & Design Club in Computer Lab 1.
- The theme for the event was announced at the beginning, after which participants enthusiastically began working on their designs.
- Students showcased their creativity by designing unique logos, and digital artworks.
- Using tools like Canva, GIMP and Paint to create visually appealing designs.

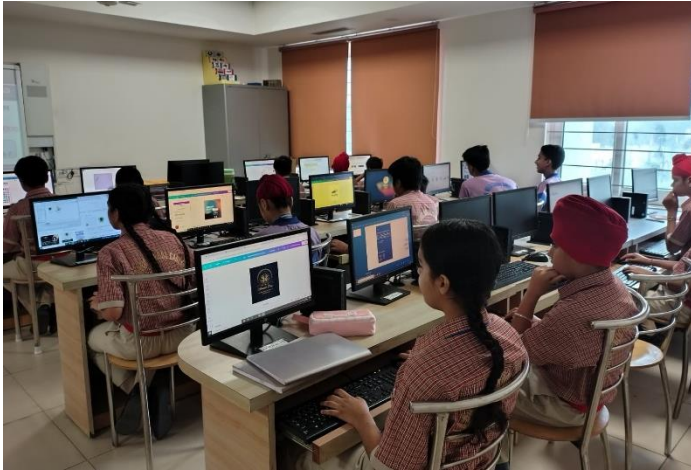

The outcome of Activity:

- Students gained hands-on experience in applying graphic design tools.
- The event enhanced their ability to express ideas through visual mediums.
- It boosted confidence in presenting their creative work before peers.
- The activity encouraged originality, innovation, and design-thinking skills.
