- **Demo of Online Canva Website:** A live demonstration of the online canva website was given. Students were guided through the features and tools available on the platform, emphasizing its user-friendly interface.
- **Hands-On Collage Creation:** Students were given the opportunity to create their own Resume. They explored various templates, fonts, and images to design unique and imaginative Resume.

Brief note about event:

BPSG always thrives on catering the all-round development of their students with the improved performance of students in the field of design and creative skills through designing computer-related activities that serve educational, cognitive, and recreational purposes, contributing to a better understanding and use of computers and technology.

With this intention, an event titled 'Docudrama' was organised in which students had the opportunity to express their creativity skill.

Outcome of Activity:

- The event provided students with a foundational understanding of how to design the resume.
- Through hands-on participation and positive feedback, students gained confidence in their abilities, encouraging them to further explore their creative talents.
