Session: 2024-25

EVENT REPORT

Session 2024-2025

Date: 20th January 2025

Class: V B

Event Name- EVS event- Planet Protectors

Objective of the Event:

- To educate students about the importance of preserving the Earth's environment and natural resources.
- To encourage habits that contribute to environmental sustainability, like recycling, reducing waste, and using renewable energy sources.
- To instill a sense of shared responsibility for planet protection, emphasizing the role individuals and communities play in safeguarding the Earth.

Total number of students- 27

No. of Participants – 24

No. of absent students- Jaiveer, Harkirat, Kavya Dhundhara

Brief note about the event:

The "Planet Protectors" event for Class 5 was designed to instill social responsibility in students and raise awareness about the importance of protecting the Earth and its natural resources. Through various engaging activities, students learned practical eco-friendly practices and the value of sustainability. The event featured a Parade, where students showcased eco-friendly practices. They created and displayed Posters with the theme "Save the Planet," highlighting key environmental issues. A Group Discussion on sustainable practices encouraged students to brainstorm and share ideas on reducing their environmental impact. An Interactive Storytelling Session introduced students to environmental heroes. The Waste Segregation Activity helped students understand the significance of recycling and waste management. Lastly, a Nature-themed Quiz tested their knowledge on environmental topics. Overall, the event aimed to empower students to become active contributors in protecting the environment while fostering a sense of responsibility toward a sustainable future.

Outcome of the Event:

- Students gain a deeper understanding of the pressing environmental issues facing the planet and the urgency of addressing them.
- Students become more knowledgeable about sustainability, conservation methods, and the environmental impact of human activities.
- Students develop a stronger sense of personal and collective responsibility for protecting the planet and making environmentally conscious decisions.
- Enhanced team work and collaboration.
