NO LEGACY IS SO RICH AS HONESTY

Teaching and Learning under New Education Policy

Teaching and learning under New Education Policy :

1. Focus on critical thinking, inquiry, discovery, discussion, analysis- based teaching and learning methods.
2. Interactive teaching with reduced dependency on text book learning.
3. Fun, creative, collaboration, discovery and exploratory activities in classroom for experimental learning.
4. Competent ECCE Teachers:
 - (a) Understand and facilitate the child's holistic development and learning.
 - (b) Establish a nurturing, inclusive and safe environment.
 - (c) Engagement and collaboration.
 - (d) Ensure personal growth and professional development.

MODERN PEDAGOGY

The school looks towards identifying and supporting each student's potential and recognizing ones strengths, as well as building their unique capacities. The curriculum is delivered through projects and experiential learning modules, to give students a deeper opportunity for engagement with the subject matter.

We aim to create a fine balance between academic excellence, artistic expression along with practical skills supporting the emotional and social development of all the students. Life skills like social skills, thinking skills - critical, creative, decision making and problem solving, emotional skills and attitudes and values are embedded in the curriculum. Our ultimate aim is to help children become autonomous learners. Communication skills are key area we constantly address for our growing learners, both through internal programme, as well as by partnering with external sources.

JOYFUL LEARNING IN HAPPY SCHOOL

BPSG is a school where all members of the school community have equal access to learning opportunities and enjoy growing and learning together. Our well designed and integrated curriculum supports and extends the innate curiosity of all children and develops the attitudes and skills necessary to gain an understanding of the world around. Happiness is a part of the school curriculum. The students experience the joy of learning, gain a deep understanding of the important concepts, learn to accept personal responsibility for actions, decisions and guided by motivated, well-trained and nurturing teachers.

Students learn in a caring environment where their views and ideas are freely expressed and valued. Learning approach promotes critical thinking and creativity, encourages research-based classroom transactions and teaches respect for individual differences.

CBSE CURRICULUM

Birla Public School Ganganagar has a proven curriculum developed by both NCERT and CBSE, the country's best educational systems of the age. The curriculum is completely learner centric, enquiry-based approach to learning, developing critical and independent thinking with emphasis on play-way and hands-on experiment methods. The curriculum further builds on the skills and knowledge acquired by the students in the earlier classes.

DEVELOPING A HOLISTIC EXPERIENCE THROUGH INTEGRATED LEARNING & ENRICHING ACTIVITIES

In an era of profound global shifts, the dynamics of learning and education have evolved immensely, BPSG is dedicated to the core mission of nurturing holistic development, embracing the ever-changing landscape of education with finesse and purpose.
