SECONDARY SCHOOL AFFILIATED TO CBSE, NEW DELHI

**Session: 2025-26**

## “One Tree, Many Tomorrows: A Living Tribute at Birla Public School Gangaganagar”

On the occasion of World Environment Day, a tree plantation drive was organized at Birla Public School Gangaganagar on Thursday, 5<sup>th</sup> June 2025, with the noble aim of instilling environmental awareness and promoting the message of green living. The initiative reflected a strong commitment towards environmental preservation, emphasizing that even the smallest step can contribute to a sustainable future.

Distinguished guests gracing the occasion included Respected Major General S.S. Nair, AVSM (Retd.), Director, BET; Dr. G.S. Gaur, Deputy Director (Finance), BET; Mr. Pavan Vashishtha, Principal, Birla Shishu Vihar, Pilani; and Mr. Dharendra Singh, Principal, Birla School, Pilani. The plantation was led by these eminent dignitaries along with Dr. Nitesh Kumar Singh, Principal of Birla Public School Gangaganagar. Together, they planted various saplings in the school premises, marking a symbolic and collective effort toward environmental stewardship.

Trees such as Neem, Ashoka, Amaltas, and Gulmohar, known for their shade and medicinal value, were planted. Each sapling was accompanied by a pledge – not only to plant, but also to protect and nurture these green companions with responsibility and care.

Addressing the gathering, Major General S.S. Nair emphasized, *“Protecting the environment should not be the responsibility of a few but must be an integral part of our daily lifestyle. Trees not only provide us with oxygen but also play a vital role in maintaining nature’s balance.”*

The school administration shared that this plantation drive is just the beginning. Plans are in place to regularly organize similar eco-friendly activities, aiming to deepen environmental consciousness and responsibility among students.

This meaningful and soulful celebration of World Environment Day beautifully conveyed that even a small action, like planting a tree, can pave the way for a cleaner, greener Earth.
