Session 2025-26

Computer Event Report:
Hackathon (Coding Event)

Day & Date: Tuesday, 2 December 2025
Class: XII
Event Name: Hackathon – Coding Competition

Objective of the Event:
The objective of the event was to provide students with a platform to apply their coding knowledge in a competitive and time-bound environment. The activity aimed to promote teamwork, innovation, and real-world problem-solving skills.

Event Highlights:
The *Class XII Hackathon* witnessed enthusiastic participation as students worked in teams to brainstorm ideas, write code, and develop solutions within a limited timeframe. Participants applied programming concepts, logical reasoning, and creativity to solve complex challenges. The event simulated real-world coding scenarios, encouraging collaboration, critical thinking, and technical excellence.

Outcome of the Event:
• Students enhanced teamwork and collaboration skills.
• Coding efficiency and logical thinking improved.
• Real-world problem-solving abilities were strengthened.
• Students gained exposure to competitive coding environments.
