Mathematics Event

A Fraction Ahead

“Mathematics is not just about numbers, it’s about seeing the whole – even in every fraction!”

We are excited to announce our upcoming Mathematics event, “A Fraction Ahead,” for the students of Class 4. This engaging and interactive event will be held on 28th January 2026, in the classroom during the respective Mathematics period.

The event aims to deepen students’ understanding of fractions through fun, hands-on activities and games. It provides a wonderful opportunity for them to connect mathematical concepts with real-life experiences while showcasing their creativity and logical thinking.

Objectives:

- Understand the concept of fractions as equal parts of a whole.
- Identify and represent unit and non-unit fractions using visual models.
- Compare and arrange fractions through interactive tasks and games.
- Apply the concept of fractions in everyday situations meaningfully.

Activities To Be Conducted:

- Fraction Pizza Craft: Students will create colorful paper pizzas showing different fractional parts.
- Fraction Bingo: A fun classroom game to identify and match visual fractions.
- Equal Share Challenge: Hands-on activity to divide objects equally and express them as fractions.
- Fraction Trail Game: A playful board game to compare and identify fractions while moving along the path.
- Fraction Wall Display: Collaborative chart showing various fractions from one whole to twelfths.

Event Details:

Date: 28th January, 2026

Day: Wednesday

Venue: Classroom

Time: Respective Mathematics Period

We encourage all students to participate wholeheartedly and bring their enthusiasm to the event. Please ensure that your child attends this exciting day of learning, fun, and fraction-filled discovery!

**Regards,
BPSG**
