GreenCred 2026: Young Minds Lead the Way in Climate Responsibility

“The future belongs to those who understand today and act for tomorrow.”

Students of Birla Public School Ganganagar proudly participated in **GreenCred 2026 – the 1st Inter-School Carbon Credits and Climate Responsibility Competition**, held on 15 April 2026 at Vidya Niketan Birla Public School Pilani, in collaboration with BML Munjal University.

Representing the school with great enthusiasm and dedication were **Manya Tandon (Class 9A)**, **Vanya Tandon (Class 9A)**, and **Kirat Gilhotra (Class 10A)**. The students showcased commendable research skills, creativity, and awareness while presenting their ideas on the theme *“Carbon Credits and Climate Responsibility.”*

The competition followed a structured format, beginning with an elimination round based on concept presentations, followed by a final round where shortlisted teams presented detailed ideas before an expert jury. Participants demonstrated impressive analytical thinking, innovative approaches, and a strong understanding of environmental sustainability and carbon management systems.

With participation limited to small teams, the event ensured meaningful collaboration and high-quality academic engagement. The evaluation emphasized conceptual clarity, originality, feasibility, and presentation skills, making the experience both challenging and enriching.

GreenCred 2026 provided students with a valuable platform to deepen their understanding of global environmental issues while enhancing essential life skills such as teamwork, communication, and critical thinking.

The enthusiastic participation of these young learners reflects the school’s commitment to nurturing responsible, informed, and future-ready citizens dedicated to building a sustainable world.
