Dear Parents,
Greetings!

We are delighted to announce that BPSG is organizing an event: "Happy Shape Explorers" for our Nursery class students. This fun-filled event will help our little learners identify, explore, and create with basic shapes while building curiosity, coordination, and joy in learning.

Highlights of the event:

- Students will identify and match basic shapes like circles, squares, triangles, and rectangles.
- Students will enjoy shape-based games, sorting, and stamping activities.
- Students will create simple craft using cut-outs of different shapes.
- Students will improve observation and fine motor skills through hands-on play.

Objectives of the activity:

- To help students recognize common shapes in their surroundings.
- To develop cognitive skills through shape sorting and matching.
- To enhance fine motor skills and hand-eye coordination.
- To encourage expression, confidence, and group participation.
