

## Session: 2026-27 Report

### “Fireless Cooking, Incredible Taste - A Unique Initiative by the Culinary Club”

6 May 2026, Wednesday

Birla Public School, Sri Ganganagar successfully organized an enthusiastic and vibrant “Junior Master Chef” activity today under the banner of the Culinary Club. The primary objective of this competition was to develop students’ interest in culinary arts and enhance their skills in preparing food without the use of fire.

In this exciting competition, the young chefs showcased their creativity and talent by preparing a delightful “two-course meal.” The students presented delicious desserts and refreshing drinks along with the main course in an exceptionally neat and hygienic manner. The dishes, prepared entirely without the use of gas or fire, impressed everyone with their innovation and taste.

The event was successfully conducted under the able guidance and support of House Mistress Mrs. Deepti. The active cooperation of House Coordinators Mr. Bablu and Mr. Rajeev played a significant role in making the activity well-organized and successful.

The Vice Principal of the school, Mrs. Sushila Saharan, visited the event and appreciated the dishes prepared by the students. Headmistress Mrs. Akanksha Khullar also congratulated the entire team and the students for the successful organization of the event.

Encouraging the participants, they stated that such activities are extremely important for the holistic development and self-reliance of students.
