Report

Cyber Security Workshop Conducted at Birla Public School Ganganagar

Sri Ganganagar, 14 May 2026

A Cyber Security Awareness Workshop was organized today at Birla Public School Ganganagar by the Cyber Cell, Sri Ganganagar, with the objective of educating students about online safety, cybercrimes, and the responsible use of digital platforms. Separate sessions were organized for students of Classes VI to VIII and Classes IX to XII to ensure age-appropriate awareness and interaction.

The resource persons from the Cyber Cell included Mr. Narendra Kumar (Assistant Sub-Inspector), Mr. Pradeep Soni (Information Assistant), Mr. Lalchand (Constable 741), and Mrs. Kavita (Woman Constable 898). During the session, they provided valuable information about cyber frauds, social media safety, online gaming risks, fake links, OTP scams, and various forms of online deception. They advised students not to click on unknown links and to never share personal information, passwords, or OTPs with anyone.

The workshop was highly interactive, with students enthusiastically asking questions related to cyber security and digital safety. The officials answered their queries in a simple and informative manner, making the session engaging and educational.

The school Principal, Dr. Nitesh Kumar Singh, the Vice Principal Sushila Saharan and Headmistress Akanksha Khullar expressed gratitude to the Cyber Cell team for conducting such an informative session and stated that awareness programmes like these help students become more alert, responsible, and safe digital citizens.
