“TRUST” IS WHAT WE ARE ALL ABOUT

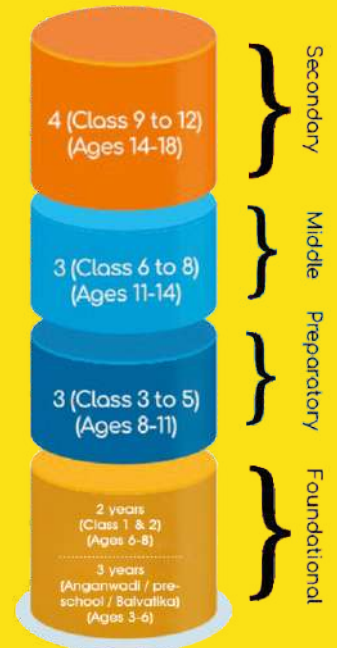

Teaching and Learning Under New Education Policy

CLASSROOM OF 21st CENTURY

Here, teachers take on the role of facilitators, guiding students' learning and fostering a DYNAMIC CLASSROOM ENVIRONMENT. They cultivate an environment that nurtures the development of diverse skills and competencies allowing every child to grow intellectually.

We follow the CBSE-NCERT curriculum blending it with WORLD-CLASS PEDAGOGY and CUTTING-EDGE TEACHING METHODOLOGIES. Through collaborative, project-based learning, students enhance their critical thinking, effective communication, and technological proficiency, honing higher order thinking skills that are essential in today's global landscape.

Through a wide variety of instructional methods and carefully curated resources, we create an environment where each child acquires knowledge in a meaningful way. Our teachers inspire CURIOSITY, encouraging students to EXPLORE, ASK QUESTIONS, INVESTIGATE, and SEEK SOLUTIONS. They empower learners to address both local and global challenges with innovative thinking and creative problem-solving.

Joyful Learning In Happy School

Pre-Primary

Developing Gross Motor Skills

The pre-primary at BPSG focuses on developing young learners' gross motor skills. Children are encouraged to enhance their physical coordination, balance, and body control through various activities and exercises.

Enhancing Fine Motor Skills

We also provide opportunities for students to develop their fine motor skills. Drawing, colouring, and manipulating small objects help children improve hand-eye coordination, finger dexterity, and precision.

Activity-Based Learning

The pre-primary at BPSG follows an activity-based learning approach. Through hands-on experiences and interactive activities, children actively participate in their learning process, fostering curiosity, creativity, and critical thinking.

“NO LEGACY IS SO RICH AS HONESTY.”

Teaching and Learning Under New Education Policy

PRIMARY SCHOOL

Academic & Emotional Development

The first few years of a child in a pre-school determine their lifetime. Our Nursery Programme is designed to provide the foundation for every child's future academic, social and emotional wellbeing. To create a learning environment that accommodates all individual learners, providing them with opportunities to maximise their inherent potential.

The programme provides high-quality education that develops children's language, literacy, numeracy, emotional well-being, universal values, and creative skills.

Our ultimate and cherished dream is to capture the latest and most innovative learning and teaching techniques and introduce them successfully in India and worldwide. The plus in the Montessori curriculum adds extraordinary value to teaching and learning methodologies, making BPS GANGANAGAR the leading School in Primary education.

SECONDARY SCHOOL

Academic & Emotional Development

Our constant endeavour is to direct each child to become a motivated lifelong learner by experiencing the joy of discovery and the ownership of results. Our curriculum has been structured to ensure that knowledge is imparted through a combination of resources and techniques, thus making the learning process exciting and easy to comprehend. Classroom teaching, multi-media workshops, AI and Robotics classes, co-activities and excursions help children gain insight and knowledge at various levels.

The contours of knowledge know no bounds. BPSG endorses this belief and gives each student rigorous exposure to group activities, seminars, visual learning, and project work. The teaching process at BPS GANGANAGAR helps garner and harness each student's varying potential. The aim is to promote and intensify performance and encourage students to be forerunners in all fields.

SENIOR SECONDARY SCHOOL

Academic & Emotional Development

Our Senior School builds on the solid early childhood and middle school foundation. A carefully nurtured tree can finally yield the best fruits when equipped with a strong foundation. Senior school allows our students to grow into confident global citizens while pursuing their dreams through academic and co-curricular achievements.

BPS GANGANAGAR provides a warm and comforting environment where students can ease into the rigours of severe academic competition. Our teachers provide a robust support system and years of encouraging experience. Students develop their unique identity, confidence, and leadership qualities in these formative years as they prepare to enter the global world.

"NO LEGACY IS SO RICH AS HONESTY."

Holistic Development Through Integrated Learning and Enriching Activities

In an era of profound global shifts, the dynamics of learning and education have evolved immensely, BPSG is dedicated to the core mission of nurturing holistic development, embracing the ever-changing landscape of education with finesse and purpose.
