CBSE AFFILIATION NO. 1730974

Session : 2026-27

EVENT REPORT

Day & Date-14.7.26 (Tuesday)

Class –IX A

Event Name: "Disaster Management"

Category: General

Objective of the Activity:

The primary objective of the **Social Science Activity on "Disaster Management"** was to create awareness among students about natural and man-made disasters and the importance of preparedness, prevention, and effective response during emergencies. The activity aimed to develop a sense of responsibility towards community safety and resilience while enhancing students' knowledge of disaster risk reduction. It also encouraged creativity, critical thinking, and communication skills through posters, charts, slogans, and presentations, while promoting the use of eco-friendly and recycled materials to foster environmental consciousness.

Total no. of Students: 35

No. of Participants: 34

Absentees- 01

Brief note about Activity:

1. **Short Presentation:** Students delivered a 1-2 minute presentation explaining their project, demonstrating confidence, awareness, and understanding of disaster management concepts. topics such as earthquake safety, flood mitigation, fire safety, emergency survival kits, and the role of technology in disaster warnings.
2. **Poster Making & Slogan:** Creative posters were made by students to spread awareness about disaster management concepts. Most participants used recycled and eco-friendly materials in their work.

Outcomes of Activities:

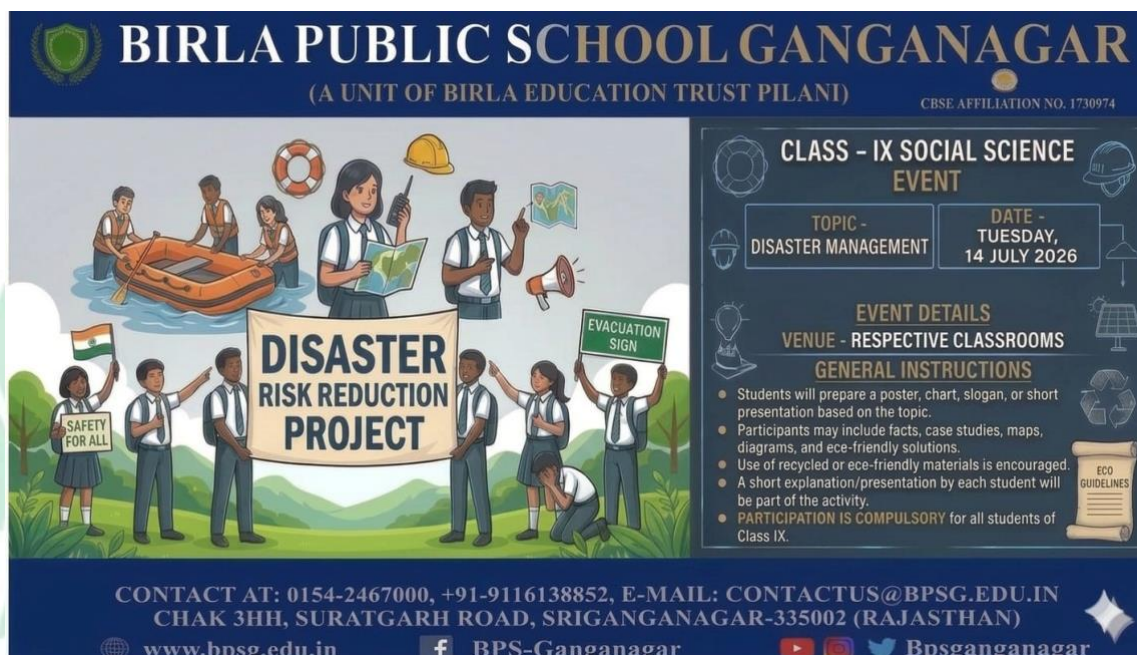

The activity successfully enhanced students' understanding of disaster management and the importance of preparedness, prevention, and community resilience. Through creative presentations, posters, charts, and slogans, students developed greater awareness of safety measures during various natural and man-made disasters. The event also strengthened their creativity, communication, and presentation skills while encouraging critical thinking and problem-solving. By using eco-friendly and recycled materials, students became more conscious of sustainable practices and environmental responsibility. Overall, the activity fostered confidence, teamwork, and a sense of civic responsibility, motivating students to contribute towards building a safer and more disaster-resilient society.

Result: (Best students)

The event focused on active participation and learning rather than competition. All students

participated enthusiastically and were appreciated equally for their efforts and contribution.

"Remember that the greatest resource in any disaster is the spirit of the people involved."

**Dear Parents and Students,
Greetings!**

We are pleased to inform you that Birla Public School, Ganganagar is organizing a **Social Science Activity** for the students of **Class IX** on **Tuesday, July 14, 2026**. The aim of this event is to promote awareness about community resilience, preparedness, and safety measures during natural or man-made crises among our young change-makers. Please find the details of the event below:

Event	Participating Class	Venue
Social Science Activity: Disaster Management	Class IX	Respective Classrooms

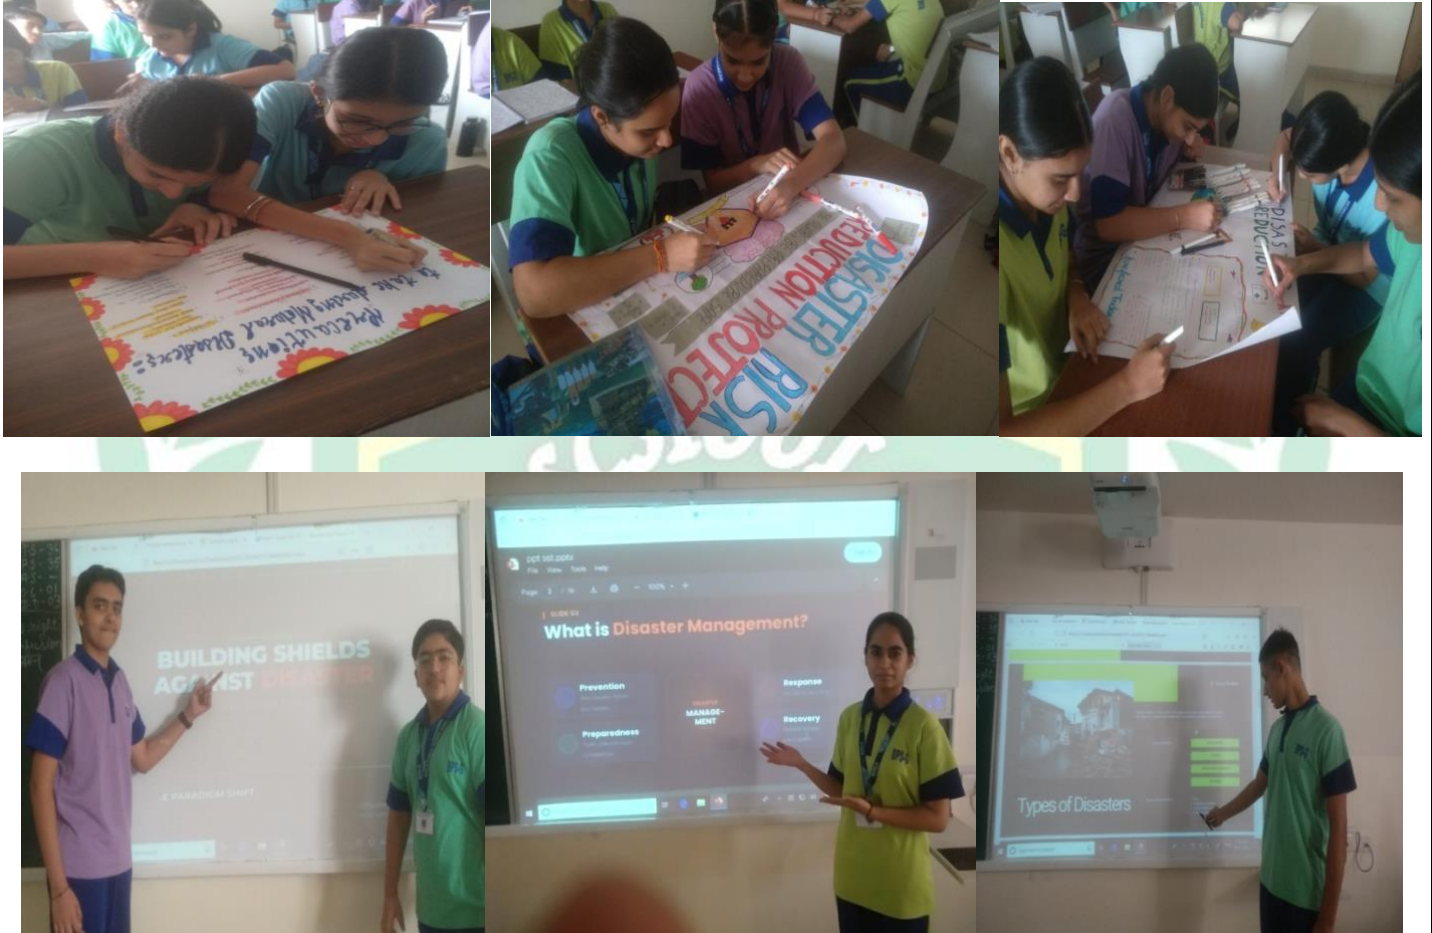

General Instructions:

- Activity Core:** Students will prepare a poster, chart, slogan, or a short presentation based on the topic **"Disaster Management"** (focusing on themes like earthquake safety, flood mitigation, fire drills, emergency survival kits, or the role of technology in early warnings).
- Sustainability Focus:** In alignment with our values, students are highly encouraged to use recycled or eco-friendly materials for their charts and posters.
- Presentation:** A short explanation or presentation (1-2 minutes) by each student will be a mandatory part of the evaluation.
- Attendance:** Participation is compulsory for all students of Class IX, as it contributes to their internal assessment.

We encourage all our students to participate actively, voice their perspectives, and use this platform to express their ideas for a safer, more prepared, and resilient world.

**Warm regards,
Birla Public School, Ganganagar**
