

Topic Name-Numeric Navigator – Class XI Economics Event

Type of Activity

Class Activity – Economics Event

Objective of the Activity

1. To strengthen students' understanding of statistics and data interpretation in Economics.
2. To develop analytical thinking and data literacy.
3. To encourage application-based learning through interactive activities.

Participants Overview

Class: XI Economics

Participants: 10 Students

Mode of Participation: Individual and Group Activities

Methodology

- Students participated in data interpretation, info graphic creation, economic indices construction, and a statistical tools quiz.
- Activities were conducted during the Economics subject period under the guidance of the subject teacher.

Brief Note About the Activity

The Numeric Navigator event was organized on 14th July 2026 for Class XI students in the classroom during the Economics period. Students enthusiastically engaged in data-based activities, info graphic designing, group tasks, and quizzes, enhancing their understanding of statistics and its application in Economics.

Outcome of the Activity

- Improved data interpretation and analytical skills.
- Enhanced teamwork, creativity, and problem-solving abilities.
- Developed practical understanding of statistical tools in Economics.

Conclusion

The event was successfully conducted and provided students with an engaging platform to apply statistical concepts in real-life economic contexts, making the learning of Economics more meaningful and interactive.

Class XI Economics Event – "Numeric Navigator"

Dear Parents and Students,
Greetings!

We are delighted to announce an insightful classroom event for Class XI – "Numeric Navigator", aimed at strengthening students' understanding of statistical tools and their applications in Economics. This event is designed to build data literacy, enhance analytical thinking, and bring numerical concepts to life through practical and engaging activities.

Objectives:

- To develop conceptual clarity in statistics and data interpretation in Economics.
- To promote interest in real-world data analysis and economic reasoning.
- To encourage application-based learning through hands-on exercises and collaboration.

Event Details:

Event Name: Numeric Navigator

Day & Date: Tuesday, 14th July 2026

Venue: Classroom (Subject Period)

Activities:

- Data Interpretation challenge using real economic datasets
- Infographic creation: "Telling Stories with Numbers"
- Group-task: Constructing economic indices
- Quick quiz: Statistical Tools & Their Applications

Note:

- Participation is compulsory for all students.
- Parents are kindly requested to motivate and support their wards in preparing for and participating in this interactive event.

Let us work together to make learning Economics meaningful, analytical, and truly enjoyable.

Warm regards,
Birla Public School, Gangaganagar
