Event – Sink and Float

"Every little experiment brings a big discovery."

Dear
Parents,
Greetings!

We are delighted to announce that BPSG is organising an exciting activity, "Sink & Float", for our Class LKG students. This hands-on activity will help our young learners explore and understand why some objects sink in water while others float through a fun and interactive classroom presentation.

Highlights of the event:

- Students will participate in a simple and engaging Sink & Float experiment.
- Each child will demonstrate the behaviour of different objects in water.
- The activity will encourage observation, curiosity, and scientific thinking.
- Learners will enjoy interactive and experiential learning in class.

Objectives of the activity:

- To introduce the basic concept of sinking and floating.
- To encourage curiosity and scientific exploration.
- To develop confidence and communication skills.
- To make learning fun, practical, and meaningful.

General Instructions for Students:

- The event is scheduled for **Monday, 17th August 2026.**
- Encourage your child to participate actively and speak confidently.

Regards,
BPSG
